SUMMARY

Flutter Developer with a passion for creating beautiful, efficient, and cross-platform mobile applications. Proficient in developing robust and scalable apps using the Flutter framework and Dart programming language. Skilled in UI design, Provider, GetX, BLoC, API integration, and Hive database. Experienced with Firebase for backend services. Dedicated to staying updated with the latest trends and best practices in mobile app development.

WORK EXPERIENCE

Clovion Tech Solutions Pvt. Ltd. (Flutter Developer intern)

Matrimony App (ongoing)

- Developed and maintained a comprehensive matrimony app using Flutter, enabling users to create and manage profiles, search for matches, and communicate securely.
- Implemented advanced search filters, real-time chat functionality, and secure user authentication with Firebase. Played a key role in debugging and maintaining the codebase, ensuring a high-quality and responsive user experience.

Shoe E-commerce App

- Developed a feature-rich shoe e-commerce app using Flutter, incorporating GetX for state management, Firebase Authentication for secure user login, and Firestore for real-time data storage.
- The app allows users to browse products, add items to their cart, and complete purchases seamlessly. Additionally, integrated Firebase Firestore for managing product data and user orders, ensuring smooth and efficient app performance.

Weather Checker App

- Technologies Used: Flutter, GetX, RESTful API, SharedPreferences
- Description: Developed a weather checker application with a custom UI to provide current and future weather data.
Responsibilities:
 - Implemented state management using GetX for efficient UI updates and API calls.
 - Integrated RESTful API to fetch real-time weather data.
 - Utilized SharedPreferences for storing and retrieving user location data.
 - Designed and implemented custom UI components for an engaging user experience.

EDUCATION

Jun 2020 - May 2024

Noorul Islam Centre For Higher Education

BE Artificial Intelligence And Data Science

SKILLS

- Flutter • Dart • REST APIs • API integration • Getx • Mobile Application Development
- Bloc • Github • Firebase • Figma • Hive • Flutter Development

CERTIFICATION

Flutter & Dart - The Complete Guide @Udemy
